

Albums, Wall Portraits and Reprints

Questions and Answers

How will our wedding album be designed?

When you return from your honeymoon, you may view your wedding online.

The proofs will be posted for 60 days . If you have chosen The Rose, Orchid, Lavender, Jasmine or Passionflower package, you will make an appointment with my professional album designer, Susan Quarmby (941) 371-5554, and she will guide and assist you with your choices and then she will create your original heirloom album.*

If you have chosen the Hibiscus, Gardenia or Sunflower package, I will have your selections placed in a small album.

You will also order directly from me via email, mail or telephone all of your wall portraits, enlargements, reprints and "thank you" prints.

How long until we receive our albums and prints?

Your "Thank You" prints will be ready in about a week. It is a good idea to choose the image for them right away! Wall Portraits, Canvas Gallery Wraps, Enlargements and Small Albums will take about 3 to 4 weeks. The "Album Crafter" professionally designed albums will require more time to create. You will have a chance to approve the design before binding.

What about shipping?

Shipping is \$15 for albums and enlargements, \$25 for Wall Portraits.

- A \$25 reposting fee is needed after 60 days.*
